

**Summary Minutes of the DTC Teleconference  
May 25, 2010**

Chair read the admonition statement.

**Container Closure WG-**

- No additional comments received therefore document is ready for publication
- Preliminary comments due by June 11<sup>th</sup> to DTC for forwarding onto the WG
- Still considering future work for the group.

**Action Item:** Chair to remind WG of new publication policy and that all contracts/agreements must be signed by the Chair, Board of Directors to protect PQRI's copyright.

**PODP WG-**

They have been contacted about some of their Tox Team members working with FDA on some issues. A brief is being prepared for the FDA by the WG, and DTC Chair contacted Steering Committee Chair who advised that WG needs approval for this group to work directly with the FDA. WG Chair to be invited to participate on the June 14<sup>th</sup> SC call to explain what WG is seeking. BI has offered software sharing capability to the WG, but has not yet received the list of the ten approved users for the site from the WG Chair.

No further business was brought forward so the meeting adjourned.
