

AUGUST 2010 – UPDATE

Improving Global Health Through Advances in Pharmaceutical Sciences

In just three months, thousands of scientists will converge in the thriving and exciting U.S. city of New Orleans to share various perspectives, ideas and cultural learnings in order to improve health through advances in pharmaceutical sciences. This is the **2010 FIP PSWC/AAPS Annual Meeting and Exposition** - where cultures will cross and minds will meet, and exciting things will happen that will positively impact human health – a truly global event.

The theme of the meeting is ‘Improving Global Health Through Advances in Pharmaceutical Sciences’, and the Scientific Programming Committee is geographically balanced with members from the Americas, Asia, and Europe. Please [click here](#) to view informational videos that capture our global theme.

Registration and Housing Sites are open and we have a couple deadlines approaching.

- **Student Meeting** registration deadline (for Students presenting abstracts at the Student meeting) **is August 20, 2010.**
- **Early bird registration deadline is September 10, 2010.**
- **Group and combo** registrations are only available online. The deadline for Group and combo registrations **is October 8, 2010.** [Click here to register!](#)

Housing is filling up fast – please [click here](#) to make your reservations now.

Please visit www.pswc2010.org for registration and housing information.

To start preparing now for the excitement of the Pharmaceutical Sciences World Congress 2010, [sign up to receive e-mail updates](#) about PSWC2010 today!
